

The People's Republic
of Interactive Fiction
Presents

ZORK

July 25th, 2 - 5 pm
MIT Campus:
Building 1 Room 135.

> Come and play Zork where it all started!

> We will venture together into the dungeons of
the Great Underground Empire

> Inspired by Adventure / Colossal Cave,
Zork was one of the first text adventure games,
developed by a team of students at MIT back in 1977
on a PDP-10.

> If you've never played a text adventure game,
this is your chance to experience the joys of
playing through the command prompt by joining
others in the adventure.

> If you're an old Zork hand,
help us track down in-jokes and historic references.
